REIN IN YOUR CMDB AND WIN
WITH AGENTIC AI

**WE TAMED THE WILD WEST OF IT OPERATIONS AND AGENTIC AI ...
SO YOU DON'T HAVE TO!**

Learn from ServiceNow experts with decades of experience as we give you the steps needed for success with CMDB and beyond. We will also explore ServiceNow's Agentic AI capabilities and how they are revolutionizing IT Operations Management.

The CMDB is critical to gain the most value from the ServiceNow platform but remains one of the most elusive topics to many customers.

VETS has wrangled these tough topics and is serving them up in simple-to-digest steps to make you successful.

Join us for some BBQ and networking and leave with a better understanding of the Wild West that is CMDB, AI, and all things ITOM!
